ABOUT

Yashwantrao Chavan Maharashtra Open University (YCMOU) was established in July 1989 by the 'Act XX-(1989)' of the Maharashtra State Legislature. This university is recognized by the 'University Grants Commission (UGC)' of India. 'The Commonwealth of Learning (COL)' Canada, conferred the prestigious 'Award of Excellence for Institutional Achievement' for the year 2002 and 2019 to this university. YCMOU is the first Open University in India, which is honored with this prestigious award. It is the fifth Open University in the country.

The Head office of the university is located at Nashik, India. The university operates through its eight Regional Centers (RCs) at Amaravati, Aurangabad, Mumbai, Nagpur, Nashik, Pune, Kolhapur, Nanded and several Study Centers (SCs).

From the beginning, the university has aimed at thorough computerization of its Systems. This is especially necessary since an institution of this nature has to create and maintain records of students, counselors, study centers, programs, courses, employees over a longer period of time.

Our university is making periodic changes in the existing academic programs to ensure quality education. These changes mainly involve changes in the study material and methods of evaluating the students. Obviously, these changes have to be incorporated in the related software, which itself is a big task. Software maintenance and user training is also very important part in the life cycle of application Software

University is already using Digital University is a comprehensive software framework for a fully web-based management of the University and its network of affiliated study centers/colleges. It is seamlessly integrated with the Digital college/ Study Center and Digital Directorate software frameworks so as to offer electronic exchange of data and information between colleges, university and the Government in the form of digital objects.

University is providing student related services through its portal <http://ycmou.digitaluniversity.ac/> This includes information about - Academic programmes, Admission, Examination, Results, e-books etc.

University is providing specific and general information through its website <https://www.ycmou.ac.in> This includes - about university, Academics, Regional centers, KVK, Library, Student welfare, Audio Visual Center, Student Zone, Tenders, Cultural Activities, News and Announcement etc.

University has developed its own Local Area Network (LAN) in its campus. In addition to this university gets 1 GBPS line for internet connection from BSNL under NME-ICT project. University is using this facility for providing better services to university Students, Study Centers and other stakeholders.
