

## Ease of Doing Business

### Steps taken by university for ensuring “Ease of Doing Business”

From the beginning, University is using ICT to provide better services to all stakeholders of this university.

- All admissions of all academic programmes are online and with facility of online payment gateway.
- University is using Digital University (DU) framework/portal to provide Registration and End to End Examination services to students.
- Digital Valuation System with scanning of Answer Books was implemented and in use for all programs.
- University is using Secured Remote Paper Delivery System for secured delivery of question papers for all programs.
- Question Banks preparation has been already started and from next exam event question paper will be generated from question bank online everyday two hours before the commencement of session.
- University is using automated SMS system for communication with students and other stakeholders.
- University provides academic services to students through network of Regional Centers and Study centers of university. (Regional Centers : 8 and Study Centers : 3500+)
- Web Radio (Yashwani), Video Learning Content, and Discussion Forums are also available to students as a learning resources.
- Study material of most of Programmes is now available in softcopy format (E-Books) and this can be freely downloaded from university website.
- University has already started Academic Record Verification System with the help of NAD (National Academic Depository) as a part of Digitization of academic records (<https://www.nad.ndml.in/NAD/arvsHome.html>)
- University has developed and deployed in-house Finance and Accounts Management System for financial management.
- University is providing easy access of information and services to all stakeholders through its website and portal. (<https://www.ycmou.ac.in> and [ycmou.digitaluniversity.ac](https://www.ycmou.digitaluniversity.ac.in) )
