Report of the Training Programme

Topic: "Online Programme Creation, Proceedings and its Evaluation" by MKCL

School of online Learning were organized training programme in collaboration with MKCL on "Online Programme Creation, Proceedings and its Evaluation" dated on 26th Feb 2024 at Academic Building ,Auditorium hall, YCMOU. All school Directors, Academic Coordinators were attending the training. From MKCL Pune, Mr. Avinash Deshmukh, Mr. Jeevan Marathe, Mr. Gurunath Mahajan and Mr. Rohit Pise were present.

1. Emirates Prof. Kavita Salunke introduced the objectives behind this training programme.
2. Asso. Prof Madhav Palshikar given valuable insights about quality content creation through Learn live platform .He explained various aspects of this initiatives ,how it will helpful for the student academic developments.
3. Dr. Jaydeep Nikam, BOM Member explained through MKCL's online platform (**YashEx**) YCMOU can offer 2 credit based course to other university students to gain the credits under the NEP.

4. Technical Session Details:

Mr. Jeevan Marathe from MKCL gave brief introduction about MKCL's online platform (**YashEx**).

He focused on following points:

- 4.1 MKCL's YashEx is a comprehensive, state-of-the art Learning Management System for Schools, Junior Colleges, Colleges, Polytechnics, ITIs and Skill Development Centers.
- 4.2 It offers a wide range of Teaching-Learning-Assessment functionalities and features to empower Teachers, Students, Institute Administrators and Managers.
- 4.3 YashEx has a cross platform support means it can be access from mobile, laptops & any device with internet connections.
- 4.4 It is very user friendly so for Students, Teachers & Administrators can work efficiently.
- 4.5 It has two login – 1. Teacher 2. Student

I. **Teacher Login** – Through this login teacher has 4 main functionalities.

- Teacher can create Content (study Material) in the forms of PDF, E-books, Along with E learning content like video's, video's reference from You tube, images, Etc. The main benefit of this functionality is teacher can monitor time spend by student on uploaded contents.
- Teacher can create assessment for student's Continuous comprehensive evaluation, which can be assignment, quiz, test and project. Quiz can be normal quiz with having real statistics along with untimed quiz which is based on lecture

content .Control Quiz with discussion, H5P quiz – which is based video content, it will be popped up in variable time slot while watching the videos’.

- Question can be design through repository or teacher can directly create through LMS, in question setting teacher can map bloom’s taxonomy. Math editor is incorporated in question creation for mathematics, science teacher.
- Project Platform- To track the student project work from synopsis to final project this platform is useful. Through this platform teacher can generate overall report, Study Center wise Project report and Evaluator wise report.

II. **Student Login** – Student can do all the activities which are expected in the specific programme.

5. At last Mr. Harish Kale gave Vote of Thanks and then the training programme gets closed.
