**YUVA SANGAM (युवा संगम)**

Exposure Visit of Youth to Various States of India

The Yuva Sangam Phase–VI focuses on conducting exposure tours of youth comprising primarily students studying in Higher Educational Institutions, along with selected off-campus youngsters from across the Nation, to different States and Union Territories of India. This program seeks to provide an immersive experience of diverse dimensions of life in the host State, including its cultural vibrancy, developmental milestones, innovation landscape, community engagement and recent achievements, thereby strengthening youth connect and national integration.

During their visits, the participating youth will receive multi-dimensional exposure under five broad thematic areas – Paryatan (Tourism), Parampara (Traditions), Pragati (Development), Paraspar Sampark (People-to-People Connect), and Prodyogiki (Technology). Through structured interactions, institutional visits, cultural engagements and experiential learning opportunities, Yuva Sangam Phase–VI aims to foster mutual understanding, enhance appreciation of India's rich diversity, and nurture young ambassadors of Ek Bharat Shreshtha Bharat.
