File :PE/2017/

To : Hon'ble Vice Chancellor

Date : 17 / 05 / 2017

Review of the One Day Workshop on Programme Evaluation

Programme Evaluation is started from 1992 in YCMOU. PGRP, B.Ed. B.A. B.Com. and EEDP programme are evaluated. Now programmes such as MA in ENG, MAR & HINDI are also being evaluated from 2016.

One Day Workshop on Programme Evaluation was organized by Programme Evaluation Division on 8th May 2017 at YCMOU campus. The purpose of workshop was to create awareness and sensitize the University academic staff and Ph.D. scholars about programme evaluation. Near about 47 participants were actively involved in this workshop.

The Head of Programme Evaluation Division, Dr. Sajjan Thool welcomed participants and introduced about the workshop. He also explained the background of programme Evaluation. The Hon'ble Vice Chancellor, Prof E. Vayunandan guided the participants and explored the need of Programme Evaluation. The Quality and Excellence should be maintained while preparing programme and implementation of Programme. The Expert and Coordinator of this workshop, Prof. Manjulika Shrivastav, had delivered the lecture on programme evaluation. What, why, how and when should be evaluated the Programme and also measures should be defined for good evaluating the programme. Programme Evaluation is a systematic study for enhancing the quality and excellence.

The first session was on conceptual based and the participants actively discussed with the experts. The second session was activity based on preparing the evaluation steps of programme and the participants prepared the strategies for evaluating the programme. The five groups were made and each group leader had presented group work about programme evaluation.

In the valedictory session, Hon'ble Vice Chancellor, Prof E. Vayunandan motivated the participant about programme evaluation. Also he suggested that a course on Quality control for programme development could offer. B.Ed. Programme of School of Education should be evaluated this year and Programme Evaluation Division will take for further work immediately. Prof. Manjulika Shrivastav also delivered her views about the successful workshop. Dr Umesh Rajderkar, Dr Sanjivani Mahale and Dr Sunanda More put forth their views about the workshops. Head, programme Evaluation Division, gave the vote of thanks for all participants and other related persons.

Yashwantrao Chavan Maharashtra Open University, Nashik
The YASHWANTRAO CHAVAN MAHARASHTRA OPEN UNIVERSITY (YCMOU) through its technical, vocational, professional and liberal education programmes, application of modern communication technologies and adoption of the distance education methodology, strive towards developing an innovative, flexible and open system of education with the ultimate goal of becoming a 'mass society'. It is established on 1st July, 1989 by Act XX of the Maharashtra State Legislature. Recognized under 12 (B) of the UGC Act. It has the following Objectives:-

- To make higher, vocational and technical education available to large sections of the population.
- To pay special attention to the needs of the disadvantaged groups, in particular, people in rural areas and women.
- To relate all courses to the developmental needs of individuals, institutions and the State.
- To provide an innovative, flexible and open system of education by using distance teaching methodology and by applying modern communication technologies to education.
- To provide continuing adult and extension education. Special attention to be paid to returning adults in new skills to enable them to adjust to a changing technological environment.
- To provide post-graduate studies and research opportunities in all fields of knowledge, any study in educational technology, distance education and development communication.

School of Continuing Education:
The School of Continuing Education has been established to offer continuing education programs to the learners, particularly belonging to the disadvantaged classes residing in hinterland areas, through flexible mode of learning. The strength of the school lies in the variety of the content of the programs, which can be offered by the school.

Scope and Objectives of the Programme:
Water is the most essential factor for existence of life. It plays a vital role in the socio-economic growth of any region. The rapid advances in the field of science and technology have resulted in the rapid growth of industries leading to modernization. Though our country is blessed with large amount of water resources, modernization, lack of proper management and increase in population have led to water crisis. In order to overcome the water crisis, proper management of water resources, finding newer technologies for water conservation, rain water harvesting, creating awareness among public etc. have become the need of the hour. Keeping the above view in mind this workshop is being arranged so that it will create an action oriented awareness amongst teachers, students, consultants, government and non government organisations and industry representatives, local peoples etc who build the society.

Topics to be covered are:

- Water conservation
- Water audit
- Surface and Ground Waterbodies
- Artificial Recharge: Rain water Harvesting
- Resource Depletion and its Hazards
- Water Quality and Environmental aspects
- Social, Economic and legal aspects in watershed Development.

Inauguration Function:

APPENDIX-1:. Creative Commons Licenses

Licence Name	Acronym	Icon	Description
Attribution	BY		This licence lets others distribute, remix, tweak and build upon your work, even commercially, as long as they credit you for the original creation. This is the most accommodating of licences offered, in terms of what others can do with your work.
Attribution-ShareAlike	BY-SA		This licence lets others remix, tweak and build upon your work even for commercial purposes, as long as they credit you and license their new creations under identical terms. This licence is often compared to open-source software licences. All new work based on yours will carry the same licence, so any derivatives will also allow commercial use.
Attribution-Non-Commercial	BY-NC		This licence lets others remix, tweak and build upon your work non-commercially, and although their new work must also acknowledge you and be non-commercial, they don't have to license their derivative work on the same terms.
Attribution-Non-Commercial-Share Alike	BY-NC-SA		This licence lets others remix, tweak and build upon your work non-commercially, as long as they credit you and license their new creations under identical terms. Others can download and redistribute your work, just as under the BY-NC-ND licence, but they can also translate, make remixes and produce new stories based on your work. All new work based on yours will carry the same licence, so any derivatives will also be non-commercial in nature.
Attribution-No-Derivatives	BY-ND		This licence allows for redistribution, commercial and non-commercial, with credit to the author. The work may not be altered, transformed or built upon.
Attribution-Non-Commercial-No-Derivatives	BY-NC-ND		This licence is the most restrictive of the six main CC licences, allowing redistribution only. This licence is often called the "free advertising" licence because it allows others to download
