

Core Values of YCMOU Education

Access

The University provides access to higher education to all sections of the society by cutting across age, caste, class, gender, region, ethnicity, language and religion.

Affordability

The University offers higher education at affordable costs to learners who could not access education due to high costs and lack of recourses.

Employability

The academic programs are customised to suit the needs of employer and to increase employability of program to suit the professional world.

Flexibility

The University provides academic flexibility by removing barriers to entry, place and pace of learning through seamless teaching-learning experiences using appropriate educational technologies.

Inclusiveness

The University promotes education to cater to the educational needs of marginalized section of society such as farmers, rural and tribal people, jail inmates, PwD and transgender persons.
