

Most of topics, issues covered in this collection are timeless, those will always have relevance. Author is keen observer of society and phenomena that are shaping, hammering and leaving impact affecting further. These are Social Readings with clear perspective and point of view. Author has just noted echoes of contemporary scene without expressing but until and unless necessary his own remarks or conclusions. Even if article in this book are written for daily newspaper, has great referential value that makes a book of great importance.
